

Writer Decks!

Hi I'm Cassidy

aka *@cassidoo*

**I designed DSA Scrabble, DSS Tecla,
Astrolokeys, and PBT Jeju**

**When I open up my computer, I am one
click away from writing.**

**When I open up my computer, I am one
click away from writing.
And everything else in the world.**

Enter: The wonderful world of writer decks!

I first was "exposed" to the concept of the writer deck via the Freewrite.

**The Freewrite was not the first writer
deck!**

The AlphaSmart

The Freewrite (again, but *alpha*)

Let's talk about price.

Open source! Openness! Build and tinker!

**We are at Keycon, chances are you might
want to use your own keyboard.**

The BYOK

These tools are *not* anti-technology.

Technology should ultimately benefit humans, which means you control what you want.

**You sit down and write, and it doesn't ask
anything more of you.**

Thank you!
